

## Government/Education Channels

Government/Education channels show live meetings, recorded meetings and public service announcement slides. The Government/Education channels (Atlantic Broadband Channel 22) originating from the municipalities in the Atlantic Broadband cable TV franchise region may be seen on the following channels. Comcast Xfinity only shows the Government/Education channel of the customer's municipality.

| <b>Municipality</b>  | <b>Atlantic Broadband Channel</b> | <b>Frontier TV Channel</b> | <b>Comcast Xfinity Channel</b> |
|----------------------|-----------------------------------|----------------------------|--------------------------------|
| East Lyme            | 191                               | 6112                       | 97                             |
| Griswold             | 192                               | 6118                       |                                |
| Killingly            | 193                               | 6116                       |                                |
| Montville            | 194                               | 6115                       | 97                             |
| New London           | 195                               | 6114                       | 97                             |
| Plainfield           | 196                               | N/A                        |                                |
| Putnam<br>(Future)   | 197                               | N/A                        |                                |
| Sterling<br>(Future) | N/A                               | N/A                        |                                |
| <b>Waterford</b>     | <b>199</b>                        | <b>6113</b>                | <b>97</b>                      |

## Community Access TV (Public Access TV)

The goal of community access television is to provide community groups, activists, artists, non-profits or any resident within our local area with the resources to create and deliver programming that promotes the diverse views, ideas and information of interest to the cable TV subscriber. The Community Access studio is located at 61 Myrock Avenue in Waterford. Call 860-440-3154 for information. There is no cost to use the community access television facility to create or cablecast your program. Programs can be pre-recorded, edited or live (interactive) call-in shows.

Community Access (Public Access) programs can be seen on Atlantic Broadband, Frontier TV and Comcast Xfinity (East Lyme, Montville, New London & Waterford). Selected Community Access programs are also available in Atlantic Broadband *On Demand*.
